## **FCC COVER LETTER**

Nov. 10, 2015

Secretary  
Federal Communications Commission  
445 12th Street SW  
Washington, D.C. 20554

FCC Grantee Code : 2AD4C

Horse Sense Shoes is introducing a new wireless product used in animal monitoring applications. We are seeking approval for FCC Part 15 device. We have hired North West EMC to do our testing. They have determined our product conforms to the applicable rule set for an intentional radiator. We are seeking an original certification. Our FCC number is 2AD4CHSSP01. IC number is 12737A-HSSP01.

We use the Texas Instruments CC1121 radio integrated circuit in our design.

Sincerely,

Roger Roisen
